Authorization

I authorize my total maximum deferrals for the current year and any subsequent years to be equal to the maximum regular deferral plus the Age 50 and Over Catch-Up amount. I understand that participation in the Age 50 and Over Catch-Up is renewed automatically annually, however, any potential deferral adjustments are not automatically updated by the Plan, and I may need to adjust my deferral amount accordingly. I can cancel my participation in this catchup; however, a new Age 50 Plus Catch-up form will be required in order to participate again.

This provision cannot be used concurrently with the Retirement Catch-Up Provision. Unlike the Retirement Catch-Up provision, the ability to make Age 50 and Over Catch-Up contributions is not determined by a participant’s prior underutilizations of contribution or their eligible retirement year.

I authorize my employer to deduct the deferral amount or deferral percentages set forth above each pay period for the purposes of contributing it to my Plan account. This agreement will continue until further notice by me. Some mutual funds may impose a short-term trade fee. Please read the underlying prospectuses carefully. Deferrals made by participants who are not New York State residents may be subject to the income tax in the year deferred in their state of residence. Please read your state income tax instructions carefully.
