

Directions

To make your rollover to the Plan easier:

- The Plan requires you to include a copy of a recent statement from the previous provider. This allows us to confirm the previous plan type, provider address and any necessary account numbers in the event a letter of acceptance is required by the other provider.
- Contact the previous provider to determine if plan-specific forms are required in addition to our form, and if a Medallion Signature Guarantee is required. In addition, you may want to ask about any rollover restrictions including redemption fees and rollover charges.
- If you are transferring a Roth 457(b) plan, please provide the date the account was originally established. This date is used to track your five-year holding period, which determines income tax treatment.

This form is primarily for direct rollovers from one retirement plan to another via a check made payable to the New York State Deferred Compensation Plan (NYSDCP). However, in some cases the Plan may be able to accept an “indirect rollover” which is a distribution from a retirement plan made payable to you within the past 60 days and not initially processed as a direct rollover. For NYSDCP to accept an “indirect rollover” it must be an eligible distribution such as a lump sum payment or one of a series of payments to be made in less than ten years. If that criteria is met then you must also provide a check made payable to NYSDCP that is equal to or less than the amount distributed to you from the other plan. **Please note that the Plan cannot accept checks that are made payable to you and endorsed over to the Plan.** You must also provide a statement from the other plan detailing the distribution transaction including whether taxes were withheld. If taxes were withheld it is required that you include as a part of the check you are sending to the Plan, the amount that represents the full taxes withheld from the distribution fore-mentioned.

Authorization

The New York State Deferred Compensation Plan accepts direct rollovers from the above specified retirement plans and traditional IRA's. I understand that the assets in a rollover to the New York State Deferred Compensation Plan pursuant to this application will be invested as indicated on the Asset Allocation Information section with this application. If the Asset Allocation Information section is not completed, the assets in the rollover to the Plan pursuant to this application will be invested according to my current deferral allocation as provided on the Plan's records, even if I am not currently making deferrals to the Plan or am separated from service. I understand that my deferral allocation of record may not necessarily be the same as my current investment balance by investment option. My current deferral information may be determined through the Plan's HELPLINE at 1-800-422-8463 or on the Plan Web site, www.nysdcp.com. Some mutual funds may impose a short-term trade fee. Please read the underlying prospectuses carefully.
